

The Continuing Care Hospital provides acute care, not chronic care. It is not a nursing home, inpatient rehabilitation center or a skilled nursing facility.

HELPING YOU RECOVER

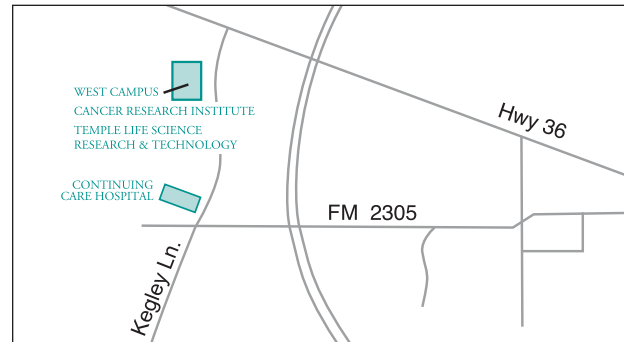

Our staff is poised and ready to help you during your extended stay. In addition to medical care and therapy, we will work with you to plan your eventual transition to your home or another care facility.

Call **254-215-0900** or toll free at **866-570-4CCH (4224)** if you have any questions about your stay. Please visit **lodging.sw.org** for a list of nearby hotels for out-of-town guests.

With more than 900 physicians and scientists, Scott & White has become one of the nation's largest multispecialty group practice systems.

YOUR CHOICE. THE TRUSTED CHOICE.

CONTINUING CARE HOSPITAL

Preparing for your extended hospital stay

866-570-4224 | sw.org

Our modern, patient-focused facility in Temple delivers the latest in acute care and comprehensive therapies for patients requiring extended hospital stays.

WHY AM I BEING TRANSFERRED TO THE SCOTT & WHITE CONTINUING CARE HOSPITAL?

Your physician has recommended an extended hospital stay at the Scott & White Continuing Care Hospital, where we provide acute care for medically complex patients who need additional time to recover (average stay: 25 days). Our patients are often critically ill and require specialized technology such as ventilators, special monitors or dialysis. We are able to care for critically ill patients because our multidisciplinary staff is devoted to the treatment of our patients' conditions.

At the Continuing Care Hospital patients experience a highly focused environment of care centered on your long-term health needs.

BENEFITTING FROM OUR TEAM APPROACH

Be assured that Scott & White's tradition of comprehensive, multispecialty and personalized care extends to the treatment you'll receive at the Continuing Care Hospital.

Our team includes physicians, nurses, respiratory therapists, pharmacists, social workers and specialists in physical, occupational and speech therapy. Weekly, each one of these disciplines will meet to discuss your case specifically and your treatment going forward.

IN-DEPTH SERVICES

The Continuing Care Hospital operates like any hospital where key, on-demand services are always available on the premises:

- Physician coverage 24 hours/day with daily physician visits
- Specialized nursing care
- Round-the-clock respiratory therapy
- Physical, occupational and speech-language therapy
- On-site pharmacy
- In-house dialysis suite
- Nutritional therapy
- Case management and social services
- Laboratory and radiology services

ONE-ON-ONE CARE

Every patient is unique and progresses at different rates. We can ensure that our patient-centered team will work with you on a custom care program tailored to your personal needs. Our staff will also provide helpful information to your family members and other caregivers about what to expect during your stay and when you return home or proceed to another care setting.

Conditions treated at the Continuing Care Hospital:

- Ventilator weaning
- Pulmonary disease
- Cardiopulmonary disorders
- Complex wound care
- Neuromuscular diseases
- Gastrointestinal diseases, including difficulty eating or swallowing
- Post-operative complications such as infection, stroke or bleeding
