

YOUR CHOICE. THE TRUSTED CHOICE.

YOUR APPEARANCE IS IMPORTANT — WE'RE HERE TO HELP

At the Scott & White Dermatology Clinic, we want to help you look your best. Our board-certified doctors are experts in cosmetic dermatology. They will analyze your appearance and recommend treatments that fit your concerns and lifestyle. Very importantly, all treatments are personally administered by our doctors*, whose goal is to help you restore and maintain a more youthful and healthy appearance.

ADVANCED CARE FOR YOUR SKIN

Our dermatologists are experts in the latest, scientifically proven treatments and skin care regimens. They will listen to you and customize your care using therapies supported by the latest medical research. Because our therapies are non-surgical, recovery times are faster and with fewer risks.

We offer treatments for the most common cosmetic concerns of both adults and teens:

- Red blotches
- Brown marks
- Lines and wrinkles
- Rough patches
- Facial and leg veins
- Sagging skin
- Thinning lips
- Unwanted hair

* Laser hair removal treatments may be performed by a female staff member

YOUR TRUSTED CHOICE FOR EXPERT SKIN CARE

Our dermatologists offer high quality, proven skin care regimens designed to treat, renew, maintain and protect your skin for a lifetime. Together, we can determine your precise skin care needs and offer highly effective solutions.

Please call 254-742-3724 for further information or to schedule a cosmetic dermatology consultation.

COSMETIC DERMATOLOGY

Personalized cosmetic dermatology services

254-724-3724 | sw.org

For generations, people have sought the “Fountain of Youth” to help them maintain an ageless appearance. While there is no magical “fountain” to keep you young forever, there are steps you can take to improve your appearance and keep you looking young. Scott & White Dermatology offers safe and effective cosmetic treatments to help you achieve your desired look. From Botox® to fillers to laser treatments, our doctor administered cosmetic services can help you look younger and healthier.

COSMETIC DERMATOLOGY AND SKIN CARE

Our dermatology team is highly experienced in performing scientifically proven cosmetic procedures and treatments to restore a younger complexion and remove age spots, unwanted hair and unsightly veins. We work with you to help you stay healthy and looking your best.

- Laser hair removal (face, arms, fingers/toes, legs, back, bikini, etc.)
- Injectable fillers (such as Radiesse® and Juvederm®) to plump skin, fill lines and furrows, smooth scars and rejuvenate skin non-surgically
- Botox injections for muscle movement lines and wrinkles
- Sclerotherapy to remove spider and varicose veins
- Chemical peels to improve skin texture and wrinkles
- Photodynamic therapy and other light treatments for acne, rosacea and other skin conditions
- Photofacials (intense pulsed light) to remove red and brown patches, boost collagen, and improve skin tone and texture
- Facial, eyelid and lip rejuvenation
- Wrinkle, line and scar treatments
- Brown spot and melasma therapy
- Sun damage and liver spot treatment
- Removal of birthmarks and unwanted facial and skin growths
- Acne phototherapy, using safe, innovative technology to destroy acne-causing bacteria
- Complexion consultations
