PROGRAM DESCRIPTION
This program is designed to provide the most current information related to the treatment and management of the neonate. Focus will be on improving patient outcomes. Any licensed nurse who provides care to the neonate is encouraged to attend.

OBJECTIVES
Upon completion of this seminar, participants will be able to:
• Discuss neonatal nutritional needs and their changes as affected by different disease states.
• Identify characteristics of a family friendly NICU.
• Explore the pros and cons of donated human milk for neonates.
• Examine ethical legal issues commonly impacting nursing practice in the NICU.
• Discuss best practices for neonatal respiratory care to include pharmacotherapy and high frequency ventilation.
• Discuss at least two reasons how critical appraisal of the literature can improve practice.

CONTINUING EDUCATION
Baylor Scott & White Health Central Region is an approved provider of continuing nursing education by the Texas Nurses Association, an accredited approver by the American Nurses Credentialing Center’s Commission on Accreditation.

This activity provides up to 6.25 contact hours.

LOCATION
This seminar will be held in the Mayborn Auditorium, located in the Medical Education Building, Scott & White Memorial Hospital, 2401 South 31st St, Temple, TX. Maps will be included in confirmation letters.
