

J.P. Dieckert
Reference List
October 5, 2005

- Swanson GP, Dieckert JP, Quick D.
Treatment of leukemic infiltration of the choroid. *Annals of Ophthalmology & Glaucoma* 1999; 31[3]:156-160.
- Pena RA, Frank K, Croft KW, Dieckert JP, et al.
Effect of topical platelet-activating-factor (PAF) antagonist on a rat model of penetrating keratoplasty. *Investigative Ophthalmology and Visual Science* 1997; 38[4 pt.2]:3992.
- Frank KJ, Dieckert JP.
Diabetic eye disease: a primary care perspective. *Southern Medical Journal* 1996; 89[5]:463-470.
- Mutyala S, Dieckert JP, Papasian CJ.
Mycobacterium fortuitum endophthalmitis. *Retina* 1996; 16[2]:122-124.
- Melberg NS, Grand MG, Dieckert JP, Barney NP, Blumenkranz MS, Boone DE, Folk JC, Stransky TJ.
Cotton-wool spots and the early diagnosis of giant cell arteritis. *Ophthalmology* 1995; 102[11]:1611-1614.
- Pena RA, Frank K, Croft KW, Dieckert JP, et al.
Effect of topical platelet-activating-factor (PAF) antagonist on rat corneas. *Investigative Ophthalmology and Visual Science* 1995; 36[4 Suppl.]:S135.
- Cravey RS, Croft KW, Dieckert JP.
Pupillary effects of anesthetic agents in rats. *Investigative Ophthalmology and Visual Science* 1994; 35[4]:1278.
- Hillis A, Dieckert JP, Davis RD.
Screening for diabetic-retinopathy in the family-practice setting. *Investigative Ophthalmology and Visual Science* 1993; 34[4]:1182.
- Millsap CM, Dieckert JP, Bauserman SC.
Ocular toxicity of intravitreal aztreonam in rabbits. *Investigative Ophthalmology and Visual Science* 1992; 33[4]:726.
- Croft KW, Dieckert JP.
Platelet-activating-factor (PAF) in endotoxin-induced uveitis (EIU). *Investigative Ophthalmology and Visual Science* 1991; 32[4]:673.
- Dieckert JP, White M, Christmann L, Lambert HM.
Angioid streaks associated with abetalipoproteinemia. *Ann Ophthalmol.* 1989; 21[5]:173-5, 179.
- Hersch M, Baer G, Dieckert JP, Lambert HM, Shore JW.
Optic nerve enlargement and central retinal-artery occlusion secondary to retrobulbar anesthesia. *Ann Ophthalmol.* 1989; 21[5]:195-197.
- Shore JW, Dieckert JP, Levine MR.
Primary vs. delayed implant in evisceration--reply. *Archives of Ophthalmology* 1989; 107[7]:852-853.

- White MH, Lambert HM, Kincaid MC, Dieckert JP, Lowd DK.
The ora serrata and the spiral of Tillaux. Anatomic relationship and clinical correlation. *Ophthalmology* 1989; 96[4]:508-511.
- Dunn WJ, Lambert HM, Kincaid MC, Dieckert JP, Shore JW.
Choroidal malignant melanoma with early vitreous seeding. *Retina* 1988; 8[3]:188-192.
- Green RP, Jr., Carlson DW, Dieckert JP, Tredici TJ.
Central serous chorioretinopathy in U.S. Air Force aviators: a review. *Aviation Space and Environmental Medicine* 1988; 59[12]:1170-1175.
- Shore JW, Dieckert JP, Levine MR.
Delayed primary wound closure. Use to prevent implant extrusion following evisceration for endophthalmitis. *Archives of Ophthalmology* 1988; 106[9]:1303-1308.
- Green RP, Carlson D, Dieckert JP.
Central serous maculopathy in air-force flyers. *Aviation Space and Environmental Medicine* 1987; 58[5]:502.
- Lambert HM, Sipperley JO, Shore JW, Dieckert JP, Evans R, Lowd DK.
Linear nevus sebaceous syndrome. *Ophthalmology* 1987; 94[3]:278-282.
- Dieckert JP, O'Connor PS, Schacklett DE, Tredici TJ, Lambert HM, Fanton JW, Sipperley JO, Rashid ER.
Air travel and intraocular gas. *Ophthalmology* 1986; 93[5]:642-645.
- Lambert HM, Dieckert JP.
Wedge implant used as exoplant. *American Journal of Ophthalmology* 1986; 101[4]:488-489.
- Liberfarb RM, Eavey RD, De Long GR, Albert DM, Dieckert JP, Hirose T.
Norrie's disease: a study of two families. *Ophthalmology* 1985; 92[10]:1445-1451.
- Dieckert JP, Mainster MA, Ho PC.
Contact lenses for laser applications. *Ophthalmology* 1984; Instrument and BookSuppl.[79]:87.
- Dieckert JP, Mainster MA, Ho PC.
Contact lenses for laser applications. *Ophthalmology* 1983; Suppl,55-62.
- Dieckert JP, Pruett RC.
Optic nerve pit and baring of the circumlinear vessel. *Archives of Ophthalmology* 1983; 101[11]:1704-1705.
- Ho PC, Mainster MA, Dieckert JP, Tolentino FI.
Fundus contact lenses for closed pars plana vitrectomy. *Ophthalmology* 1983; Suppl,106-114.
- Dieckert JP.
Hemoglobin Alc and diabetic retinopathy. *Texas Medicine* 1982; 78[6]:59-62.
- Dieckert JP, Berger BB.
Prostatic carcinoma metastatic to choroid. *Br.J Ophthalmol.* 1982; 66[4]:234-239.
- Mainster MA, Dieckert JP.
A simple haploscopic method for quantitating color brightness comparison. *American Journal of Ophthalmology* 1980; 89[1]:58-61.

Wallace RW, Yu PH, Dieckert JP, Dieckert JW.
Visualization of protein-SDS complexes in polyacrylamide gels by chilling. *Analytical Biochemistry* 1974; 61[1]:86-92.
