

PROGRAM DESCRIPTION

This conference will provide Health Unit Coordinators and other clerical staff knowledge and skills to improve their contributions in the health care setting.

OBJECTIVES

Upon completion of this educational day, participants will be able to:

- Discuss the importance of the HUC's role in the care of the trauma patient.
- Identify the role of case management in the acute care setting and across the continuum.
- Examine correct coding techniques to ensure proper reimbursement.
- Examine the role of organ recovery coordinator.
- Describe risk and complications for bariatric procedures.
- Name three coping skills to be used in stressful situations.
- Discover healthy choices appropriate for meals at work.
